

ABii Sample Student Rotation Schedule

ABii Station Robot # 1

Student	Monday	Tuesday	Wednesday	Thursday	Friday
---------	--------	---------	-----------	----------	--------

All students work on ABii on Friday!

1.					
2.					
3.					
4.					
5.					
6..					
7.					
8.					
9.					
10.					
11.					
12.					

Note: Gray boxes above indicate that it is not that student's day to complete ABii lessons. Once students complete their turn on ABi on their day, they put an X to indicate that they are finished. Then, they can get the next student to work on ABii.

Fridays can be left open for all students. It can also serve as make up time for those who missed time during the week, or those that you notice need extra help. Many thanks to Taylor S. for providing this organizational structure example!
