

ABii Station Use Chart Example

Instructions:

Teachers will assign designated days of the week for student ABii station days. It is recommended that students have the opportunity to work with ABii at least 2 times for at least 30 minutes each week to see double digit academic gains.

Suggestion:

We recommend designating two student groups:

- 1.) A **Mon/Wed Student Group**
- 2.) A **Tues/Thurs Student Group**

Fridays can be set aside for students to earn additional ABii time. Teachers can also allow students who may have been absent on their designated day to have ABii time on Friday to catch up. Friday can also be used as a “catch up day” for weeks with holidays on Monday.

Our ABii Days

Monday	Tuesday	Wednesday	Thursday	Friday
Students' Names:	Students' Names:	Students' Names:	Students' Names:	Students' Names:
