

Small Group Instruction Chart Example

Instructions:

- Teacher assigns students into 3 different groups. A chart is made to show which students will be in which group (A, B, or C), etc.
- The Teacher specifies what each activity will be during small group instruction.
*Examples are listed below or sample group activities at each station.
- During each 15- 20 minute rotation, students rotate to different learning stations, based on the chart, in order, from rotation 1 - 3. Teachers can alternate activities periodically, based upon students' academic needs. When the timer goes off, students rotate to the next station.

***Station 1:** Meet with the Teacher (at the Teacher's table)

***Station 2:** Work with ABii (at the ABii learning station)

***Station 3:** Independent Practice Time (at your seat, on the carpet, etc.)

Station 1 → **Station 2** → **Station 3**

(Time: _____ - _____) (Time: _____ - _____) (Time: _____ - _____)

A	B	C
B	C	A
C	A	B
